

Dear SecureLive Customer,

You are being contacted because your version of our software is out of date. SecureJoomla, SecurePress, SecureDrupal, SecureE107, and Server Editions that are version 7.0 will reach their end of life within the next 6 months. At this time we will no longer support any version 7.0 software.

Please upgrade to our latest version, 8.2.06, today. This can be done with the following links:

SecureJoomla for Joomla 1.5:

Software (component) - http://www.securelive.net/downloads/com_securelive.zip
Software (module) - http://www.securelive.net/downloads/mod_securelive.zip

SecureJoomla for Joomla 1.6:

Software (component) - http://www.securelive.net/downloads/com_securelive_j16.zip
Software (module) - http://www.securelive.net/downloads/mod_securelive_j16.zip

SecurePress:

Software (plugin) - <http://www.securelive.net/downloads/securepress-plugin.zip>

SecureDrupal:

Software (plugin) - <http://www.securelive.net/downloads/secureDrupal.zip>

SecureE107:

Software - http://www.securelive.net/downloads/secure_e107_package.zip

ServerEdition:

Administrator- http://www.securelive.net/downloads/sl_admin.zip
Software- http://www.securelive.net/downloads/securelive_max.zip

This upgrade is free. If you have any questions or need assistance upgrading, please contact us at 1-888-300-4546, support@securelive.net, or via our Live Chat on securelive.net

Thank you and have a great day.
